Information for Vermont Prescribers of Prescription Drugs (Short Form)

Lifyorli® (relacorilant)

- This list does not imply that the products on this chart are interchangeable or have the same efficacy or safety. Please refer to each product's FDA-approved label and indication for further information.

- The prices listed below are Average Wholesale Prices ("AWP") as established and made available to the public by a third party publisher or as calculated from data made available to the public by a third party publisher. The price paid by consumers may be higher or lower than the prices listed below. Information about AWP of these drugs is being provided to Vermont prescribers pursuant to Vermont law, to give you information about the relative prices of marketed drugs and other drugs in the same therapeutic class* (NOTE: As directed by the Vermont Attorney General's Office, the prices listed below are the Wholesale Acquisition Cost ("WAC") plus 20%, or Direct ("DP") plus 20% or Suggested Wholesale Price ("SWP"). All prices reported by third party publisher MediSpan. Corcept does not represent that the prices listed below are actual or average transaction prices.)

- The prices listed here do not necessarily reflect price per dosage, price per course of treatment or the cost effectiveness, of all the products listed. For simplicity, only the smallest package sizes available for each product are included**

PRICING COMPARISON: Marketed products and lowest dosage of other products in the same therapeutic class

Marketed Products	
Product Name	**AWP Current Unit Price**
Lifyorli 125 MG Dose (100 mg and 25 mg capsules)	$2,615.10
Lifyorli 150 MG Dose (100 mg and 25 mg capsules)	$1,743.40

* The Vermont Attorney General considers relevant comparator product(s) in the same therapeutic class to be based on the most recent American Hospital Formulary Services Pharmacologic-Therapeutic Classification (AHFS Classification System). Lifyorli has been categorized in AHFS 10000000 “Antineoplastic Agents”

** Prices shown are for the lowest dosage of each product. Prices for multi-source products have been averaged. Multiple forms of the same product (e.g. tabs and caps) have been considered one product, and the prices have been averaged. Chewable forms of the product are not included.
